Storia

La storia di **Fresh Tropical srl by Jawad** inizia ufficialmente nel 2007. Negli anni precedenti invece era presente sul mercato come negozio di generi alimentari etnici, gestito a conduzione familiare e con un organico di dieci persone qualificate. Avendo iniziato attivamente a importare prodotti con una solida organizzazione, ben presto il piccolo negozio acquisisce un magazzino per lo stoccaggio della merce a Seveso, da cui parte l'espansione aziendale con prima uno e poi tre stand al mercato ortofrutticolo milanese, e con l'acquisizione di più sedi, divenendo negli anni sempre più riferimento per la distribuzione su Milano e nel territorio circostante per i prodotti etnici, incrementando progressivamente la qualità dei servizi e i numeri e i generi delle proposte a catalogo.
